LION is looking for a **Mobile Service Technician** for the for the greater Montreal area. Under the supervision of the Service Manager, the Service Technician's function is to provide technical support to customers, to carry out a diagnosis and to carry out the required repairs and programming at the customer's premises, or at our premises.

As part of your daily work, you would have to:

- Perform the work described on the repair order efficiently and accurately, according to dealer and manufacturer standards;
- Determine the cause of any defect and make the repair;
- Contact the parts department to obtain the necessary parts;
- Retain and label parts if the work is under warranty or if requested by the customer;
- Examine the assigned vehicle to determine if additional safety and maintenance work is required;
- Contact the technical advisor and/or foreman, as soon as possible, if additional work is required, if the work described is not necessary or if repairs cannot be done within the expected timeframe;
- Document on the repair order all work performed and recommended;
- Test drive the vehicle, if necessary;
- Any other related duties agreed with his supervisor.

If you read our description this far, it means you're interested! Read on...
